

## Jay Wohlwend

Computer & Software Developer

## PERSONAL PROFILE

As a recent graduate in computing and software development, I am thrilled to have the chance to apply my knowledge and skills in the industry. I am truly passionate about developing functional programs that bring value to everyday tasks, and I thrive on collaborating with others to solve complex problems. With a strong desire to learn and grow, I am seeking an entry-level position where I can be challenged and gain invaluable lifelong skills.

- » Teamwork

### Technical Skills

- » Azure
- » AWS
- » Python
- » Java
- » SQL
- » Javascript

## JOB EXPERIENCES

2020 – Present

REI Co-op

Sales Associate

As part of my role, I would identify issues with bikes and collaborate closely with the shop team to address them promptly. I would employ critical thinking to troubleshoot problems, adapt, and learn from each situation. To streamline our work tasks, I leveraged Microsoft Teams for seamless communication and efficient task management.

2017 – 2020

Trader Joe's

Crew Member

In my role, I ensured the store was consistently stocked by analyzing inventory levels and efficiently managing incoming shipments. I was recognized by management for my strong work ethic and was rewarded with a bonus based on my performance. Additionally, I successfully balanced working full-time while attending college, highlighting my proven time management skills.

## INTERESTS AND ACTIVITIES

- » As a passionate mountain bike enthusiast, I have dedicated my time as a volunteer for the Mountain Bike Alliance. Collaborating with teams, I actively participate in the restoration and maintenance of trails across the Puget Sound Area. Additionally, I happily contribute my efforts to organizing events and races within the community.
- » I am interested in kinesiology and constantly seek ways to enhance movement through various physical activities like yoga and swimming. Through personal experiences with sports injuries, I have gained valuable insights and acquired techniques to adapt and improve my own life.
